How HCC Life Short Term Medical Works

Policy benefits are subject to the deductible and coinsurance. After you satisfy your deductible, HCC Life STM will begin paying eligible expenses according to the coinsurance you select and up to the coverage period maximum that you choose. Benefits are based on usual and customary charges of the geographical area in which charges are incurred.

Urgent Care Center

The deductible is waived when you receive care at an urgent care center, and instead you pay a \$50 co-payment, after which coinsurance applies. An urgent

care center means a facility separate from a hospital emergency department where patients can be immediately treated for injury or sickness on a walk-in basis without an appointment.

HCC Life Short Term Medical Covers:

- Inpatient and outpatient charges made by a hospital, including inpatient prescription drugs
- Charges incurred at an urgent care center after a \$50 co-pay
- Charges made by a physician, surgeon, radiologist, anesthesiologist, and any other medical specialist to whom the physician has referred the case
- Charges made for dressings, sutures, casts or other supplies prescribed by the attending physician or specialist, but excluding nebulizers, oxygen tanks, diabetic supplies and all devices for repeat use at home
- Charges for diagnostic testing using radiology ultrasonographic or laboratory services
- Charges for oxygen and other gases and anesthetics and their administration
